

Bawa Awumbila

awumbila08@gmail.com | [linkedin](#) | [GitHub](#)

Results-driven Software Engineer with expertise in popular frameworks such as React, Angular, Tailwind CSS, and MongoDB. Passionate about creating visually appealing, intuitive, clean, and user-friendly interfaces that enhance the overall user experience. Eager to join a dynamic team and organization to apply my skills and expand my technical knowledge in frontend development.

SKILLS

Frontend Technologies: HTML5, CSS, AJAX, JavaScript, ReactJS, Angular, Tailwind CSS, Bootstrap.

Backend Technologies: NodeJS, ExpressJS, MongoDB, MongooseJS, Ruby on Rails, Python, Django.

Other: Git, GitHub, npm, AWS, API Integration, Responsive Design.

Tools: ArcGIS, Postman.

TECHNICAL PROJECT EXPERIENCE

Professional Projects:

- [EstateSpace](#) | Designed, implemented, and maintained multiple end-to-end features for EstateSpace application using React technologies, tailwind CSS, MongoDB, Postman, and hosted in AWS technologies.

Academic projects:

- [Rick and Morty Character Compare Tool](#)
- [Bawa's Restaurant App](#)
- [WAVE Music APP](#)
- [Wish List APP \(Group Project\)](#)

PROFESSIONAL EXPERIENCE

EstateSpace LLC - Software Engineer | April 2022 - Present

- Developed and maintained complex, scalable front-end features using React, Redux, and other modern technologies.
- Collaborated with cross-functional teams for product delivery and improvement.
- Designed user interfaces to enhance usability and user experience.
- Worked with RESTful APIs for seamless integration of backend services.
- Conducted code reviews and testing to ensure high-quality code.
- Contributed to developing EstateSpace's design system, resulting in a 20% revenue increase.

General Assembly - Software Engineer Fellow | February 2021 - April 2022

- Completed a full-stack program, gaining experience in HTML, CSS, SASS, JavaScript, jQuery, PostgreSQL, MongoDB, Ruby, Ruby on Rails, Python, NodeJS, and ReactJS.
- Utilized Agile/Scrum methodologies for project management.

Corporation Service Company - Corporate Liaison | October 2019 - November 2020

- Provided high-level client support as a liaison between clients and the company resulting in improved retention.
- Assisted clients with incorporation and corporate filing processes.
- Maintained relationships with clients, ensuring compliance with state regulations which improved efficiency.
- Conducted research on corporate law and regulations.

Apple Inc - Operations Expert | November 2012 - October 2019

- Demonstrated leadership skills and strong organizational abilities.
- Analyzed sales data and market trends to increase revenue.
- Ensured accurate product coding and inventory management.

Gridco Ghana - Contractor | August 2011 - September 2012

- Collected and organized geographical data for mapping power transmission towers and lines.
- Managed data capture and power transmission networking of geo-referenced imagery.
- Analyzed data to determine conflict and high-risk areas.

EDUCATION

Software Engineering Immersive | General Assembly | February 2021 - May 2021

- Over 500 hours of full-stack engineering classes with a focus on designing and creating full-stack applications.
- Gained hands-on experience with frameworks such as React, MongoDB, Ruby on Rails, mongoose, CSS, HTML, and JavaScript.
- Created various Portfolios that are available to view upon request.
